

New Member Application

2020-2021

The Vine Co-op maintains the authority to choose members based on character, teaching needs, and class size availability. We seek excellence to uphold the safety of all our families.

Parent Information:

In some situations, the fathers fill in for the wife when she is unable to fulfill her duties at the co-op, or may choose to teach a class as well. For this reason, we are asking for information on both parents.

We love to use our responsible high school students in various areas where both sides benefit. We get the extra help we need and they receive community service hours. If you have a high school student available during any of the hours of Co-op, we would love to place them in a needed area of service. Please check a 1st and 2nd choice:

Snack bar Teacher's assistant Preschool Help (must be familiar with the care of young children)

Note to Parents:

Because The Vine is an Academic Co-op, each parent is responsible for the timely completion of their student's assignments per the syllabuses, class hand-outs, and website forum. Too many absences hinder class participation and the communication of valuable information, and could cause the student to lag behind in their assignments. This creates an unnecessary burden on the time of our teachers for grading/instructing. Please notify the teachers ahead of time if you know your student will be absent. If there is a problem communicating with a teacher in order to get assignments, please meet with the Director to resolve the problem.

I, _____, the parent/guardian of the above student(s), understand that it is the responsibility of not only my student, but above all, **my responsibility** to make sure that the assignments are **completed** each week and turned into the proper teacher **on time**. If the student misses any classes due to illness, out of town, etc., then it is my responsibility to make sure that the student makes up the missed work in a timely manner given out by the teacher. Normally, one week's grace is given for missed work; the second week, the teacher will take off one letter grade. After that week, unless it is an excused absence (death in family, planned vacation, hospitalization) a zero will be given for the assignment. Outstanding tests will be taken the Friday the student returns to class.
